

constexpr

```
classDiagram
    class constexpr {
    }
    class v8_compiler_turbohaft_reducer_list_starts_with {
    }
    constexpr o-- "1" v8_compiler_turbohaft_reducer_list_starts_with : +value
```

The diagram illustrates a class hierarchy or aggregation. The top class, 'constexpr', is represented by a rectangle divided into three horizontal sections. The bottom section is connected to the top section of a larger, shaded rectangle representing the 'v8::internal::compiler::turbohaft::reducer\_list\_starts\_with' class. This connection is marked with a hollow diamond on the 'constexpr' side and the label '+value' next to the line. The bottom class is also divided into three horizontal sections, with the top section containing the class name and the two bottom sections being empty.

+value

v8::internal::compiler  
::turbohaft::reducer
