

v8::internal::compiler
::JSCreateLowering::Reduce

```
graph LR; A["v8::internal::compiler::JSCreateLowering::Reduce"] --> B["v8::internal::compiler::JSCreateLowering::ReduceJSCreateClosure"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'v8::internal::compiler' on the first line and '::JSCreateLowering::Reduce' on the second line. The right box is gray with a black border and contains the text 'v8::internal::compiler' on the first line, '::JSCreateLowering::ReduceJSCreate' on the second line, and 'Closure' on the third line.
