```

The diagram illustrates a function call or dependency graph. Three source functions on the left are connected by blue arrows to a single target function on the right. The target function is highlighted with a gray background. The source functions are: 1. v8::internal::maglev::MaglevAssembler::CompareMapWithRootAndEmitEagerDeoptIf, 2. v8::internal::maglev::MaglevAssembler::EnsureWritableFastElements, and 3. v8::internal::maglev::MaglevAssembler::TestTypeOf. The target function is v8::internal::maglev::MaglevAssembler::CompareMapWithRoot.
