

v8::internal::compiler
::turbohaft::TurbohaftAssembler
OpInterface::BuiltinCode

```
graph LR; A["v8::internal::compiler  
::turbohaft::TurbohaftAssembler  
OpInterface::BuiltinCode"] --> B["v8::internal::compiler  
::turbohaft::BuiltinCodeHandle"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains three lines of text: 'v8::internal::compiler', '::turbohaft::TurbohaftAssembler', and 'OpInterface::BuiltinCode'. The right box is gray with a black border and contains two lines of text: 'v8::internal::compiler' and '::turbohaft::BuiltinCodeHandle'.
