

v8::internal::ProfileNode
::GetLineTicks

```
graph LR; A["v8::internal::ProfileNode::GetLineTicks"] --> B["v8::internal::ProfileNode::entry"]
```

A diagram showing a call from the `GetLineTicks` method of the `v8::internal::ProfileNode` class to the `entry` property of the same class. The left box is shaded gray and the right box is white. A blue arrow points from the left box to the right box.

v8::internal::ProfileNode
::entry
