

v8::internal::maglev
::MaglevAssembler::ToBoolean

```
graph LR; A["v8::internal::maglev  
::MaglevAssembler::ToBoolean"] --> B["v8::internal::maglev  
::MaglevAssembler::Temporary  
RegisterScope::IncludeScratch"]
```

A diagram showing a call from the `ToBoolean` method of `MaglevAssembler` to the `IncludeScratch` method of `TemporaryRegisterScope`. The source box is white with a black border, and the target box is gray with a black border. A blue arrow points from the source box to the target box.
