

v8::MicrotaskQueue

```
graph BT; A[v8::internal::MicrotaskQueue] --> B[v8::MicrotaskQueue]
```

The diagram illustrates a relationship between two classes. At the bottom is a white box labeled 'v8::internal::MicrotaskQueue'. A blue arrow points upwards from this box to a gray box at the top labeled 'v8::MicrotaskQueue'. This indicates that 'v8::internal::MicrotaskQueue' inherits from or is a specialization of 'v8::MicrotaskQueue'.
