The diagram illustrates a mapping or relationship between two source identifiers and a target identifier. On the left, there are two white rectangular boxes. The top box contains the text 'v8::internal::RUNTIME_FUNCTION'. The bottom box contains the text 'v8::internal::String::ToCString'. On the right, there is a gray rectangular box containing the text 'v8::internal::String::ToCString'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box. The top arrow starts from the right side of the top white box and points to the top half of the gray box. The bottom arrow starts from the right side of the bottom white box and points to the bottom half of the gray box.
