

v8::base::RegionAllocator
::contains

```
graph LR; A["v8::base::RegionAllocator  
::contains"] --> B["size"]
```

The diagram consists of two rectangular boxes connected by a dark blue arrow pointing from left to right. The left box is light gray with a black border and contains the text 'v8::base::RegionAllocator' on the top line and '::contains' on the bottom line. The right box is white with a black border and contains the text 'size'. The arrow originates from the right side of the gray box and points to the left side of the white box.
