

v8::internal::compiler
::turbohaft::Block::PrintDominatorTree

```
graph LR; A["v8::internal::compiler  
::turbohaft::Block::PrintDominatorTree"] --> B["v8::internal::compiler  
::turbohaft::DominatorForward  
TreeNode::Children"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'v8::internal::compiler' followed by '::turbohaft::Block::PrintDominatorTree' on the next line. The right box is gray with a black border and contains the text 'v8::internal::compiler' followed by '::turbohaft::DominatorForward' on the next line, and 'TreeNode::Children' on the third line.
