

v8::internal::maglev  
::MaglevGraphBuilder  
::TryReduceConstructGeneric

```
graph LR; A["v8::internal::maglev  
::MaglevGraphBuilder  
::TryReduceConstructGeneric"] --> B["v8::internal::maglev  
::OpProperties::is_tagged"]
```

A diagram showing a call from the `TryReduceConstructGeneric` method of the `MaglevGraphBuilder` class to the `is_tagged` method of the `OpProperties` class. The source box is white with a black border, and the target box is gray with a black border. A blue arrow points from the source to the target.
