

v8::internal::wasm  
::WasmInterpreterRuntime  
::GetNullValue

```
graph LR; A["v8::internal::wasm  
::WasmInterpreterRuntime  
::GetNullValue"] --> B["v8::internal::Isolate  
::factory"]
```

A diagram showing a call from the `v8::internal::wasm::WasmInterpreterRuntime::GetNullValue` function to the `v8::internal::Isolate::factory` function. The call is represented by a blue arrow pointing from the left box to the right box.

v8::internal::Isolate  
::factory
