

v8::internal::maglev
::NodeBase::assign_temporaries

```
graph LR; A["v8::internal::maglev  
::NodeBase::assign_temporaries"] --> B["v8::internal::maglev  
::NodeBase::OwnerOrTemporaries  
::temporaries"]
```

A diagram showing a call from the `assign_temporaries` method to the `temporaries` property. The left box is shaded gray and contains the text `v8::internal::maglev::NodeBase::assign_temporaries`. A blue arrow points from the right side of this box to the right box, which is white with a black border and contains the text `v8::internal::maglev::NodeBase::OwnerOrTemporaries::temporaries`.
