The diagram illustrates a dependency relationship between three source files in the V8SourceCode directory. At the top is a header file, /mnt/V8SourceCode/src/heap/memory-measurement-inl.h, which is shaded gray. Below it are two source files: /mnt/V8SourceCode/src/heap/concurrent-marking.cc on the left and /mnt/V8SourceCode/src/heap/mark-compact.cc on the right. Blue arrows point from each source file to the header file, indicating that both source files include this header.
