

v8_inspector::V8Inspector
SessionImpl::FlushProtocolNotifications

```
graph LR; A["v8_inspector::V8Inspector  
SessionImpl::FlushProtocolNotifications"] --> B["v8_inspector::V8Inspector  
::Channel::flushProtocolNotifications"]
```

A diagram showing a call from SessionImpl to V8Inspector::Channel. On the left, a grey rectangular box contains the text "v8_inspector::V8Inspector" and "SessionImpl::FlushProtocolNotifications". A blue arrow points from the right side of this box to the right side of a white rectangular box on the right. The white box contains the text "v8_inspector::V8Inspector" and "::Channel::flushProtocolNotifications".
