

v8::internal::compiler  
::turbohaft::GraphVisitor  
::TraceReductionStart

```
graph LR; A["v8::internal::compiler  
::turbohaft::GraphVisitor  
::TraceReductionStart"] --> B["v8::internal::compiler  
::turbohaft::CountDecimalDigits"]
```

A diagram showing a call from a `GraphVisitor` object to a `CountDecimalDigits` function. The left box, which is shaded gray, represents the caller: `v8::internal::compiler::turbohaft::GraphVisitor::TraceReductionStart`. A blue arrow points from this box to the right box, which represents the callee: `v8::internal::compiler::turbohaft::CountDecimalDigits`.
