

```
v8::internal::maglev  
::NodeMultiProcessor  
< Processor, Processors...  
>::PostProcessGraph
```

A diagram illustrating a pointer relationship. On the left, a gray rectangular box contains the C++ code for the `PostProcessGraph` method of the `NodeMultiProcessor` class. A blue arrow points from the right side of this box to a white rectangular box on the right, which contains the word `graph`. This indicates that the `PostProcessGraph` method returns a reference to a `graph` object.
