The diagram illustrates a file dependency structure. At the top is a header file box (shaded gray) containing the path `/mnt/V8SourceCode/src/heap/cppgc-js/unified-heap-marking-visitor.h`. Below it are two source file boxes. The left box contains `/mnt/V8SourceCode/src/heap/cppgc-js/cpp-heap.cc` and the right box contains `/mnt/V8SourceCode/src/heap/cppgc-js/unified-heap-marking-visitor.cc`. Blue arrows point from each source file box up to the header file box, indicating that both source files include this header.
