

v8::internal::Histogram

```
graph BT; A[v8::internal::LegacyMemory Histogram] --> B[v8::internal::Histogram]
```

The diagram illustrates a relationship between two V8 internal classes. At the bottom is a gray-shaded box labeled 'v8::internal::LegacyMemory Histogram'. A blue arrow points vertically upwards from the top center of this box to the bottom center of a white box above it, which is labeled 'v8::internal::Histogram'. This indicates that 'LegacyMemory Histogram' inherits from or is a specialization of 'Histogram'.
