

```
v8::internal::Register  
::is_byte_register
```

A diagram illustrating a function call. On the left, a gray rectangular box contains the text `v8::internal::Register::is_byte_register`. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text `v8::internal::RegisterBase < Register, kRegAfterLast >::code`.

```
v8::internal::RegisterBase  
< Register, kRegAfterLast  
>::code
```
