

v8::internal::NestedTimed
HistogramScope::RecordLongTaskTime

```
graph LR; A["v8::internal::NestedTimedHistogramScope::RecordLongTaskTime"] --> B["v8::base::TimeDelta::InMicroseconds"]; B --> C["v8::base::TimeDelta::IsMax"]
```

The diagram illustrates a sequence of three V8 code blocks. The first block, on the left, is shaded gray and contains the text 'v8::internal::NestedTimedHistogramScope::RecordLongTaskTime'. A blue arrow points from this block to the second block, which is white and contains 'v8::base::TimeDelta::InMicroseconds'. Another blue arrow points from the second block to the third block, which is also white and contains 'v8::base::TimeDelta::IsMax'.

v8::base::TimeDelta
::InMicroseconds

v8::base::TimeDelta
::IsMax
