

```
v8::internal::compiler  
::anonymous_namespace  
{machine-operator-reducer  
  ::cc}::SilenceNaN
```

```
graph LR; A["v8::internal::compiler  
::anonymous_namespace  
{machine-operator-reducer  
  ::cc}::SilenceNaN"] --> B["v8::internal::DCHECK"]
```

A diagram showing a pointer from a complex namespace to a specific DCHECK macro. The left box is shaded gray and contains the namespace path. A blue arrow points from the right side of this box to the right box, which is white with a black border and contains the DCHECK macro name.

```
v8::internal::DCHECK
```
