

v8::internal::Isolate  
::UpdateNoElementsProtector  
OnSetElement

```
graph LR; A["v8::internal::Isolate  
::UpdateNoElementsProtector  
OnSetElement"] --> B["v8::internal::Isolate  
::IsArrayOrObjectOrStringPrototype"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'v8::internal::Isolate', '::UpdateNoElementsProtector', and 'OnSetElement' stacked vertically. The right box is gray with a black border and contains the text 'v8::internal::Isolate' and '::IsArrayOrObjectOrStringPrototype' stacked vertically.
