

v8::internal::AllStatic

```
classDiagram
    class v8internalAllStatic["v8::internal::AllStatic"]
    class v8internalCompiler["v8::internal::Compiler"]
    v8internalCompiler --|> v8internalAllStatic
```

The diagram shows a class hierarchy. At the top is a box for `v8::internal::AllStatic` with two empty slots below the name. Below it is a box for `v8::internal::Compiler` with a list of methods. A blue arrow with an open triangle head points from the `Compiler` box to the `AllStatic` box, indicating inheritance.
