

std::false_type

```
classDiagram
    class std_false_type["std::false_type"]
    class v8_compiler_is_ref["v8::internal::compiler::is_ref<T>"]
    std_false_type <|-- v8_compiler_is_ref
```

The diagram consists of two rectangular boxes. The top box is white with a thin black border and is divided into three horizontal sections. The top section contains the text 'std::false_type', while the two bottom sections are empty. The bottom box is gray with a thick black border and is also divided into three horizontal sections. The top section contains the text 'v8::internal::compiler::is_ref< T >', while the two bottom sections are empty. A blue arrow points from the top edge of the bottom box to the bottom edge of the top box, with a small open triangle at its tip, indicating an inheritance relationship.

v8::internal::compiler
::is_ref< T >
