

v8::internal::wasm  
::LiftoffAssembler::  
TailCallNativeWasmCode

```
graph LR; A["v8::internal::wasm  
::LiftoffAssembler::  
TailCallNativeWasmCode"] --> B["v8::internal::MacroAssembler  
::Jump"]
```

A diagram showing a call from the LiftoffAssembler to the MacroAssembler. The LiftoffAssembler box is shaded gray and contains the text 'v8::internal::wasm', '::LiftoffAssembler::', and 'TailCallNativeWasmCode'. A blue arrow points from the right side of this box to the left side of the MacroAssembler box. The MacroAssembler box is white with a black border and contains the text 'v8::internal::MacroAssembler' and '::Jump'.
