

v8::internal::wasm  
::Decoder::set\_end

```
graph LR; A["v8::internal::wasm  
::Decoder::set_end"] --> B["v8::internal::wasm  
::Decoder::end"]
```

A diagram showing a call from the `set_end` method to the `end` method. A blue arrow points from the left box to the right box.

v8::internal::wasm  
::Decoder::end
