

```
v8::internal::anonymous  
_namespace{elements::cc}  
::DictionaryElementsAccessor  
::SetAtomicInternalImpl
```

A diagram showing a call from a namespace to a Cast function. A grey box on the left contains the namespace and function name, and a white box on the right contains the function signature. A blue arrow points from the grey box to the white box.

```
v8::internal::Cast  
< NumberDictionary >
```
