

v8::internal::LocalIsolate
::RegisterDeserializerStarted

```
graph LR; A["v8::internal::LocalIsolate  
::RegisterDeserializerStarted"] --> B["v8::internal::Isolate  
::RegisterDeserializerStarted"]
```

A diagram showing a call from `v8::internal::LocalIsolate::RegisterDeserializerStarted` to `v8::internal::Isolate::RegisterDeserializerStarted`. The left box is shaded gray and the right box is white. A blue arrow points from the left box to the right box.
