

std::true_type

```
classDiagram
    class std_true_type["std::true_type"]
    class v8_internal_is_maybe_weak["v8::internal::is_maybe_weak< MaybeWeak< T > >"]
    v8_internal_is_maybe_weak --|> std_true_type
```

The diagram consists of two class boxes. The top box, labeled 'std::true_type', is white with a thin grey border and is divided into three horizontal sections. The bottom section is empty. The bottom box, labeled 'v8::internal::is_maybe_weak< MaybeWeak< T > >', is grey with a black border and is also divided into three horizontal sections. The top section contains the text, while the two bottom sections are empty. A blue arrow with a hollow triangular head points from the top edge of the bottom box to the bottom edge of the top box, indicating an inheritance relationship.

v8::internal::is_maybe
_weak< MaybeWeak< T > >
