

std::true_type

```
classDiagram
    class std_true_type["std::true_type"]
    class v8_internal_detail_is_simple_subtype["v8::internal::detail::is_simple_subtype<TaggedIndex, Object>"]
    v8_internal_detail_is_simple_subtype --|> std_true_type
```

The diagram consists of two class boxes. The top box, labeled 'std::true_type', is white with a black border and is divided into three horizontal sections. The bottom section is empty. The middle section is empty. The top section contains the text 'std::true_type'. The bottom box, labeled 'v8::internal::detail::is_simple_subtype<TaggedIndex, Object>', is gray with a black border and is also divided into three horizontal sections. The top section contains the text 'v8::internal::detail::is_simple_subtype<TaggedIndex, Object>'. The middle section is empty. The bottom section is empty. A blue arrow points from the top section of the bottom box to the bottom section of the top box, indicating inheritance.
