

v8::internal::Flag
::IsDefault

v8::internal::operator<<

v8::internal::Flag
::uint_variable

```
graph LR; A[v8::internal::Flag::IsDefault] --> C[v8::internal::Flag::uint_variable]; B[v8::internal::operator<<] --> C;
```

The diagram illustrates a relationship between three code elements. On the left, there are two white rectangular boxes. The top box contains the text 'v8::internal::Flag::IsDefault' and the bottom box contains 'v8::internal::operator<<'. Arrows from the right side of both boxes point towards a single gray rectangular box on the right. This gray box contains the text 'v8::internal::Flag::uint_variable'.
