

```
std::bool_constant  
< std::is_base_of_v  
  < Word64, U > >
```

The diagram illustrates an inheritance relationship. A light gray box at the top contains the code for `std::bool_constant`. Below it is a blue arrow pointing upwards. At the bottom is a darker gray box containing the code for `v8::internal::compiler::turbohaft::v_traits`. The bottom box has two additional empty gray sections below the first one.

```
v8::internal::compiler  
::turbohaft::v_traits  
< Word64 >::implicitly  
_constructible_from
```
