The diagram illustrates a dependency relationship between three source files in the V8SourceCode directory. At the top is a header file, `/mnt/V8SourceCode/src/objects/js-display-names-inl.h`, which is shaded gray. Below it are two source files: `/mnt/V8SourceCode/src/builtins/builtins-intl.cc` on the left and `/mnt/V8SourceCode/src/objects/js-display-names.cc` on the right. Blue arrows point from each of these two source files up to the header file, indicating that both source files include or depend on the header file.
