

v8::internal::torque
::ImplementationVisitor
::Visit

```
graph LR; A["v8::internal::torque  
::ImplementationVisitor  
::Visit"] --> B["v8::internal::torque  
::anonymous_namespace  
{implementation-visitor  
::cc}::FormatAssertSource"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'v8::internal::torque', '::ImplementationVisitor', and '::Visit' on three lines. The right box is gray with a black border and contains the text 'v8::internal::torque', '::anonymous_namespace', '{implementation-visitor', and '::cc}::FormatAssertSource' on four lines.

v8::internal::torque
::anonymous_namespace
{implementation-visitor
::cc}::FormatAssertSource
