

v8::internal::HeapEntry
::set_children_index

```
graph LR; A["v8::internal::HeapEntry::set_children_index"] --> B["v8::internal::HeapEntry::index"]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is shaded gray and contains the text 'v8::internal::HeapEntry' on the first line and '::set_children_index' on the second line. A dark blue arrow points from the right side of this box to the left side of the right box. The right box is white with a black border and contains the text 'v8::internal::HeapEntry' on the first line and '::index' on the second line.
