

wasm_memorytype_new

wasm_tabletype_new

reveal_limits

```
graph LR; A[wasm_memorytype_new] --> C[reveal_limits]; B[wasm_tabletype_new] --> C;
```

The diagram consists of three rectangular boxes. On the left, there are two boxes stacked vertically. The top box contains the text 'wasm_memorytype_new' and the bottom box contains 'wasm_tabletype_new'. Both boxes have a black border and a white background. On the right, there is a single box containing the text 'reveal_limits'. This box also has a black border but has a light gray fill. Two blue arrows originate from the right side of the left boxes. One arrow starts from the right side of the 'wasm_memorytype_new' box and points to the left side of the 'reveal_limits' box. The other arrow starts from the right side of the 'wasm_tabletype_new' box and also points to the left side of the 'reveal_limits' box. The arrows are positioned such that they appear to merge into the 'reveal_limits' box.
