

v8::internal::compiler
::turbohaft::TurbohaftSpecial
RPONumberer::has_loop_number

```
graph LR; A["v8::internal::compiler  
::turbohaft::TurbohaftSpecial  
RPONumberer::has_loop_number"] --> B["v8::internal::compiler  
::turbohaft::Block::index"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box has a light gray background and contains three lines of text: 'v8::internal::compiler', '::turbohaft::TurbohaftSpecial', and 'RPONumberer::has_loop_number'. The right box has a white background and contains two lines of text: 'v8::internal::compiler' and '::turbohaft::Block::index'.
