

v8::debug::ConsoleDelegate

```
graph BT; A[v8_inspector::V8Console] --> B[v8::debug::ConsoleDelegate];
```

The diagram illustrates an inheritance relationship between two V8 classes. At the bottom is a gray box labeled 'v8_inspector::V8Console'. A blue arrow points vertically upwards from this box to a white box at the top labeled 'v8::debug::ConsoleDelegate'. Both boxes have a black border.

v8_inspector::V8Console
