

v8::internal::SimulatorStack
::RegisterJSStackComparableAddress

```
graph LR; A["v8::internal::SimulatorStack  
::RegisterJSStackComparableAddress"] --> B["v8::internal::GetCurrentStackPosition"]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is shaded gray and contains the text 'v8::internal::SimulatorStack' on the first line and '::RegisterJSStackComparableAddress' on the second line. The right box is white and contains the text 'v8::internal::GetCurrentStackPosition' on the first line and 'StackPosition' on the second line. A dark blue arrow points from the right side of the gray box to the left side of the white box.
