

```
v8::internal::anonymous  
_namespace{experimental  
_interpreter::cc}::NfaInterpreter  
::GetCaptureClockArray
```

A diagram showing a call from a function in the v8::internal namespace to a DCHECK macro. The function is located in the anonymous namespace of experimental_interpreter.cc. A blue arrow points from the function name to the DCHECK macro.

```
v8::internal::DCHECK
```
