

v8::internal::maglev
::LoadDoubleDataViewElement
::is_little_endian_constant

```
graph LR; A["v8::internal::maglev::LoadDoubleDataViewElement::is_little_endian_constant"] --> B["v8::internal::maglev::IsConstantNode"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box has a light gray background and a black border, containing the text 'v8::internal::maglev', '::LoadDoubleDataViewElement', and '::is_little_endian_constant' on three lines. The right box has a white background and a black border, containing the text 'v8::internal::maglev' and '::IsConstantNode' on two lines.

v8::internal::maglev
::IsConstantNode
