

v8::internal::Code
::constant_pool_size

```
graph LR; A["v8::internal::Code  
::constant_pool_size"] --> B["size"]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is gray with a black border and contains the text 'v8::internal::Code' on the first line and '::constant_pool_size' on the second line. A dark blue arrow points from the right side of this box to the left side of a second box. The second box is white with a black border and contains the text 'size'.
