

v8::internal::compiler
::CallBuffer::input_count

```
graph LR; A["v8::internal::compiler::CallBuffer::input_count"] --> B["v8::internal::compiler::CallDescriptor::InputCount"]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is shaded gray and contains the text 'v8::internal::compiler' on the first line and '::CallBuffer::input_count' on the second line. The right box is white with a black border and contains the text 'v8::internal::compiler' on the first line and '::CallDescriptor::InputCount' on the second line. A dark blue arrow points from the right side of the left box to the left side of the right box.
