

v8::internal::compiler
::Truncation::Word64

```
graph LR; A["v8::internal::compiler  
::Truncation::Word64"] --> B["v8::internal::compiler  
::Truncation::Truncation"]
```

A diagram illustrating a transformation or relationship between two V8 internal compiler types. On the left, a gray rectangular box contains the text "v8::internal::compiler" followed by "Truncation::Word64" on the next line. A dark blue arrow points from the right side of this box to the right side of a white rectangular box on the right. The white box contains the text "v8::internal::compiler" followed by "Truncation::Truncation" on the next line. Both boxes have a thin black border.
