

std::true_type

The diagram consists of two rectangular boxes. The top box is white with a black border and is divided into three horizontal sections. The top section contains the text 'std::true_type', while the two bottom sections are empty. The bottom box is gray with a black border and is also divided into three horizontal sections. The top section contains the text 'v8::internal::maglev::IsFixedInputNode< T, std::void_t< decltype(T::kInputCount)> >', while the two bottom sections are empty. A blue arrow points from the top edge of the bottom box to the bottom edge of the top box, indicating an inheritance or specialization relationship.

v8::internal::maglev
::IsFixedInputNode< T,
std::void_t< decltype
(T::kInputCount)> >
