

```
v8::internal::maglev  
::anonymous_namespace  
{maglev-code-generator  
::cc}::MaglevFrameTranslationBuilder  
      ::BuildHeapNumber
```

A diagram illustrating a function call. On the left, a gray rectangular box contains the caller's context: `v8::internal::maglev`, `::anonymous_namespace`, `{maglev-code-generator`, `::cc}::MaglevFrameTranslationBuilder`, and `::BuildHeapNumber`. A blue arrow points from the right side of this box to a white rectangular box on the right. The white box contains the function being called: `v8::internal::Float64` and `::get_bits`.

```
v8::internal::Float64  
::get_bits
```
