

v8::internal::baseline
::BaselineAssembler::LoadRegister

```
graph LR; A["v8::internal::baseline  
::BaselineAssembler::LoadRegister"] --> B["v8::internal::baseline  
::BaselineAssembler::Move"]
```

A diagram showing a call from the `LoadRegister` method to the `Move` method. The `LoadRegister` method is represented by a grey box on the left, and the `Move` method is represented by a white box on the right. A blue arrow points from the right side of the `LoadRegister` box to the left side of the `Move` box.
