

cppgc::internal::NormalPage
::IteratorImpl::operator++

```
graph LR; A["cppgc::internal::NormalPage  
::IteratorImpl::operator++"] --> B["size"]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is gray with a black border and contains the text 'cppgc::internal::NormalPage' on the first line and '::IteratorImpl::operator++' on the second line. A dark blue arrow points from the right side of this box to the left side of a second box. The second box is white with a black border and contains the text 'size'.
