

v8::internal::AllStatic

```
classDiagram
    class AllStatic["v8::internal::AllStatic"]
    class TrustedByteArrayShape["v8::internal::TrustedByteArrayShape"]
    TrustedByteArrayShape --|> AllStatic
```

The diagram illustrates a class hierarchy. The base class, `v8::internal::TrustedByteArrayShape`, is shaded gray and contains three public attributes: `+ kElementSize`, `+ kMapRootIndex`, and `+ kLengthEqualsCapacity`. The derived class, `v8::internal::AllStatic`, is shown as an empty box with three horizontal compartments. A blue arrow with an open triangular head points from the base class to the derived class, indicating inheritance.
